

UNEASY DAY IS SPENT WAITING RUSSIAN REPLY

Delegation Busy on Reply Which May Come Today

(By The Associated Press)
GENOA, May 9.—Genoa passed an uneasy day speculating on the effect the Russian reply to the allied memorandum would have on the future of the economic conference. The Russians were busily engaged tonight in completing their reply, which, it is expected, will be presented tomorrow. It is believed the reply will be highly conciliatory and will open the way for a continuation of negotiations. The differences between Premier Lloyd George and M. Barthou apparently have been softened and there are indications that the Belgians are less irreconcilable in their attitude and may be persuaded to approve the memorandum to the Russians on condition it be made clear that Belgian property in Russia must be restored to the former owners if possible and cannot in any case be transferred to others. Lloyd George passed almost the whole day in conference with Sir Laming Worthington Evans, Sir Philip Lloyd Greame and other advisers. The row between the premier and Northcliffe Press over statements published in London has simmered down and the conference atmosphere is more Pacifically extremely foggy. The German delegation and many neutral delegations joined in the efforts of Signor Schanzer, Italian foreign minister, to have the Russians temper their response in such a way as to avoid disruption of the Genoa gathering which seems far less likely tonight than 24 hours earlier. There is less electricity in the air and a general feeling of confidence that the Russians will modify their response so as to make it impossible for the French and Belgians to bolt without further negotiations.

Saner Views Seem to Prevail.
What some neutrals summarized as "saner views" seemed to prevail among the allies. Both Belgian and French delegations gave out the idea that they were not intransigent and above all did not wish to wreck the conference. In other words, some return to the spirit of conciliation has been manifest. There is a strong feeling that France's attitude on the Russian memorandum which caused Lloyd George to tell Mr. Barthou that England and France were at the turning point of their relations is based on something more than her hostility to the proposed treatment of foreign property in Russia and that it is partly the outgrowth of her anxiety about German reparations. The Associated Press correspondent is informed that France can do nothing commercially or industrially in Russia until her devastated industries are reconstituted by suitable indemnities from Germany.

France maintains that she would better be able to help Russia after French industries were restored and that the world shows over much tendency to forget that France's industrial conditions are still deplorable. France, moreover, as a country of a multitude of small property owners and landed proprietors, finds herself instinctively opposed to the regime of communism.

So far as reparations are concerned the conference leaders are pinning great hopes on the forthcoming bankers' meeting at Paris which J. P. Morgan will attend, to study the possibility of floating a loan for Germany. This shows the vital role that the United States is still playing in the Genoa conference for every one knows that the suggested loan must be taken up primarily by America. It is believed that this project more than any single consideration is serving to calm the frenzy which has raged in Genoa in the past few days.

Nat Goldstein is Unfit Lowden Says

ST. LOUIS, Mo., May 9.—A radiogram from Frank O. Lowden, former governor of Illinois, who is aboard the steamer Olympic, to the Globe-Democrat tonight declared Nat Goldstein, nominated for the office of collector of internal revenue of the St. Louis district was unfit for the office. The message was in answer to a request by the Globe-Democrat for Lowden's opinion. The former Illinois executive is returning on the Olympic from a trip abroad. The query sent him by the newspaper said: "Hearing nominated Nat Goldstein revenue collector St. Louis district. In view of scandal surrounding your opinion of appointment. Nomination now in senate committee with big opposition both sides."

TOO MUCH PLAY NOT ENOUGH WORK GREAT TROUBLE IN AMERICA

Too Many Luxuries is Cause of Present Hard Times

(By The Associated Press)
NEW YORK, May 9.—Americans are "saying at the spit and wailing at the bung-hole," at a period when they should be discarding nonessentials and clinging to necessities, John E. Edgerton, president of the Association of Manufacturers declared at the annual convention of the organization here today. High priced hotels, theaters, ball parks and other camping grounds of amusement and non-production are enlarging the capacities to accommodate the ever increasing army of refugees from the storms of life, he declared. "Golf clubs, cigar factories, jewelry establishments, walking canes, emporiums, per dog kennels, canary bird dispensaries and boot-levering joints are flourishing as never before. Every street and highway is teeming with automobiles that are burning expensive gasoline in the presence of self imposed idleness. "And all this time the coasts of North, South, East and West are teeming with the multitudes of the weary—the constructive forces of society with marvelously increased demands upon them are at this moment suffering for the lack of adequate nourishment."

Mr. Edgerton asserted that the chief economic problem of the day is that there are too many middlemen in the industrial fabric with too many persons engaged in distributing the products turned out by the farmer and the manufacturer.

"When you add to this excess of distributors the countless number of others whose chief activities are to ferom, regulate, inspect, denounce, tax, plunder and otherwise live upon those who are trying to produce something, it will not be difficult to discover the principal factor in the continuing high cost of living," he said.

Referring to the tariff legislation now under consideration in congress, J. R. Howard of Chicago, president of the American Farm Bureau Federation offered a plea for revision "sufficiently flexible to meet the rapidly changing conditions and not the result of long drawn out hearings at which the interests that talk the longest and loudest wins."

DES MOINES, Iowa, May 9.—Condemning hostile views of birth control as a heritage of the dark ages, and classing advocates of "big families" among the poor in the same category with former slave owners who urged women slaves to give birth to as many children as possible, Dr. Pauline H. Hanson, of Marshalltown, Ia., today appealed to the Iowa State Society of Medical Women to demand of the next legislature a revision of the present stringent laws against dissemination of birth control methods.

Dr. Hanson's paper, read at part of the afternoon program of the twenty fifth annual meeting of the society, was warmly discussed by 30 women physicians who attended. After the conference the executive committee decided to withhold the paper from publication in the daily press and limit it to appearance in medical journals.

Officers of the society stated that Present Iowa laws prescribe a maximum fine of \$25,000 or ten years in prison or both for spreading contraceptive information.

MAY RESUME THE SMALL TRIAL AT WAUKEGAN TODAY

Judge Edwards' Physician Says Condition Improved

(By The Associated Press)
WAUKEGAN, Ill., May 9.—Governor Len Small's trial halted for two days by the illness of Judge Edwards, is expected to be resumed tomorrow.

The judge's physician announced today that his left arm, badly swollen by infection is much improved and the judge will be able to attend court tomorrow unless there is an overnight setback. The governor spent today sitting with the state primary election canvassing board and signing road bonds. Tonight he too was complaining of a sore arm, his right wrist having given out after several million dollars' worth of bonds.

Edward E. Miller, state treasurer, here to sit with the canvassing board brought another \$2,000,000 in bonds to be signed and tonight returned to Springfield with \$2,000,000 which the governor signed yesterday and last night. Today's batch of 2,000 of \$2,000 bonds completed the \$6,000,000 sold last month.

The canvassing board composed of governor Small, Mr. Miller, and Secretary Emmerson completed its work today and certified the April 11 primary nominations. Chief interest centered in the Republican nomination of Mrs. Winnifred Mason Huck of Chicago to fill the unexpired term of her father, the late Congressman William H. Mason.

Will Complete Jury
When court resumes tomorrow work of filling the final jury panel for the governor's trial will start again. Two of the four men for the final panel have been tentatively seated. No hope of completing the jury this week is seen as the lawyers have agreed to argue the question of the constitutionality of the state treasurer's act of 1908 after filling the box, and before the jurors are finally sworn. The juryman then will be re-examined in line with the court's decision on the treasurer's law.

This act provided that state funds should be loaned within five days after receipt to the bank offering the highest interest rate. The defense contends that an amendment striking out an emergency clause in the original draft was passed by the state senate but this fact never was recorded in the senate journal and hence the act is void.

This question was raised in the preliminary arguments last December but Judge Edwards ruled that it was not a question at issue at that time.

ANALYZED SEPARATION OF SPIRIT AND BODY

PEORIA, Ill., May 9.—Before he lapsed into unconsciousness William Hawley Smith, nationally known author and educator who died here Monday, told Rev. B. G. Carpenter that his mental separation of the spirit and the body. According to Rev. Carpenter Mr. Smith claimed he could feel the changes taking place in his body. During the last stages of separation the dying man said his mind could not stay concentrated on one subject. Mr. Smith recited Whitman's poem, "Assurances" which deals with the thought that everything is provided.

Mr. Smith requested that there be no black at his funeral and that no friends view his body. Funeral services will be held at 2 o'clock Wednesday afternoon.

For the last 50 years he had been a steamboat engineer on the Mississippi river. He was with the steamer City of Providence at the time of its race with the steamer Alton, between the city of Alton, which is regarded by veteran river men as a memorable event.

MAY PROBE CASE OF ROBERTSON

(By The Associated Press)

WASHINGTON, May 9.—Alexander E. Robertson, British war veteran and suitor of Miss Mary Culbertson, daughter of Senator Culbertson of Texas, presented to British embassy officials today his charges of having been kidnapped by private detectives and of an attempt to railroad him out of the country. Embassy officials did not disclose whether any action would be taken.

Embassy officials issued a brief statement tonight that "certain aspects of the case seemed to call for further investigation."

Secretary Craigie stated that Robertson was expected to confer again tomorrow with embassy officials and that meantime it would seem inadvisable for Robertson to discuss his cause with newspapermen. Robertson would remain in Washington, Mr. Craigie added, while the embassy investigated his charge that private detectives kidnapped him at the instigation of Senator Culbertson who was said to have objected to the man's attention to Miss Culbertson.

BALLEW FUNERAL HELD YESTERDAY

Ardmore, Okla., May 9.—Funeral services conducted by Rev. John F. Young were held this afternoon at the Methodist church in Lone Grove for Bud Ballow, widely known gunman and peace officer of the southwest who was slain last Friday at Wichita Falls, Texas. Hundreds of persons attended contrary to previous announcements the Masonic lodge to which Ballow belonged did not participate as a body in the services.

COUNTRIES WILL TRY TO SETTLE AN OLD CONTROVERSY

Chile and Peru to Confer on Tacna-Arica in This Country

(By The Associated Press)
WASHINGTON, May 9.—Acting under the impartial sponsorship of the United States, Chile and Peru today consummated final plans for a new effort to settle their 40 year old controversy over Tacna-Arica.

The ambassadors of the two governments between whose foreign office diplomatic relations have been severed since 1910, called together at the state department and in conference with Secretary Hughes selected next Monday, May 15, as the date on which negotiations are to be resumed in special conference here.

At the request of the two envoys, Mr. Hughes will open the conference with an address of welcome expressing the gratitude of President Harding over the spirit of conciliation by both governments in accepting his invitation to discuss their differences on the soil of the United States.

The two Peruvian delegates to the conference, Herman Velarde and Dr. Melton Porras, reached Washington tonight from New York. The Chilean delegates have been here since April.

Except for formally bringing the two delegations together the United States is to take no part in the conference. It was said today that no suggestion had been made that this government send friendly observers to the conference sessions or exert its good offices in a formal manner. It is known that should the delegations find themselves unable to agree, President Harding and his advisers will be ready to give whatever assistance they can.

IMPROVEMENT IS SHOWN IN WINTER WHEAT FORECAST

Forecast Over 12,000,000 Bushels More Than Month Ago

(By The Associated Press)

WASHINGTON, May 9.—Improvement was shown in the winter wheat crop during the last month the department of agriculture today forecasting this year's production at 584,793,000 bushels based on the May 1 condition. Today's forecast is approximately 12,500,000 bushels more than was estimated a month ago. 2,300,000 bushels less than produced last year and 6,000,000 bushels larger than the average production for the last five years.

There was almost ten million bushels increase in the production forecast of rye compared with a month ago. A crop of 79,152,000 bushels is forecast. Hay promises a crop of about 7,000,000 tons larger than last year's, the production this year being forecast at 103,573,000 tons. Stocks of hay remaining on farms May 1 were about 8,000,000 tons less than a year ago.

Spring plowing and planting both were behind the average for the last ten years and the condition of pastures was much lower than a year ago and also below the ten year average.

The condition of winter wheat on May 1 and the forecast of production based on that condition and on the acreage remaining on that date to be harvested in Illinois, condition, 89; forecast, 48,094,000.

Indiana, condition, 89; forecast, 32,974,000.

Missouri, condition, 87; forecast, 43,044,000.

HARDING SUMMONS ONE HUNDRED AND FIFTY RAIL HEADS

To Confer with Them at White House Dinner May 20

(By The Associated Press)

WASHINGTON, May 9.—President Harding has summoned 150 leading railroad executives to be here today at the executive offices to attend a dinner at the white house May 20, to discuss the rate situation. It is understood the president will ask the transportation chiefs to consider the possibility of adjusting railroad freight rates down ward as a voluntary matter because the interstate commerce commission membership is said to have concluded that it cannot legally compel reductions to an extent satisfying to sections of public and business sentiment.

Two semi-judicial government bodies have jurisdiction in railroad regulations, the railroad labor board as well as the interstate commerce commission in the fixing of wage rates which are to go into operating expenses.

President Harding is said to believe that the executive might be of service in dealing with the problem, tho not interfering with the judicial standing of the two tribunals.

The commerce commission for weeks has discussed matters concerning its decision in the general investigation of transportation rate levels. In this investigation instituted last November, nearly every industry and locality were represented by a demand for some degree of relief from freight charges as they stand now with war and post war increases included.

President Harding has been told that the commission is obliged to give "reasonable return" by edict of law to capital invested in necessary railroads under efficient and economic management and that this requirement, notwithstanding recent increases in railroad earnings ties the hands of the commission in attempting to lower rates.

Reasonable Requirement Governs
Altho no longer required to fix rates which would assure railroads a six per cent return on capital, that provision of law which expired this spring, the "reasonable" requirement still governs. Moreover, if the commission did establish lower rates its decision could be tested in the federal courts resulting at least in delay.

A suggestion was presented to the commission that it might meet economic requirements by radical revision of transportation schedules on the principle of cutting sharply charges levied on basic raw materials and bulky low priced commodities, while leaving alone or even increasing tariff on expensive finished goods.

No list of the guests invited to the dinner has been made public.

FORMER RESIDENT DIES IN ROCK ISLAND

The death of Christian Jensen, a former resident of this city, occurred at the family home in Rock Island, according to a message received yesterday by Miss E. B. Phillips. The deceased, who was past eighty years of age, was for many years a resident of this city. A number of years since he went to Rock Island to be at the home of his daughter, Mrs. George Birkenhead.

The deceased was for many years proprietor of a fruit farm located east of the city. He was well known in the community and will be remembered by many local residents.

GENOA POLICY IS IN ACCORD WITH VIEWS OF THE U. S.

Officials Who Have Followed Affairs Make This Statement

(By The Associated Press)
WASHINGTON, May 9.—The general principles laid down by the Genoa conference in formulating its policy toward Russia have been subjected to closest scrutiny by President Harding and his advisers and have been found to be in substantial accord with the views of the United States.

Without taking sides in the controversy which now is dividing the conference over certain questions of procedure a high administration spokesman declared today that this government found itself in virtual agreement with the conference plan to make recognition of the soviet government contingent upon its fulfillment of international obligations.

So thoroly has the accomplished work of the conference met with the views of officials here that it was asserted that from the start the conference leaders had followed to a great degree the principles announced by the American state department more than a year ago. This declaration, the first comment to come from administration circles since the conference began, was made after President Harding and his cabinet had discussed the Genoa situation and the Russian problem thruout most of a two hour meeting.

Their considerations are said to be of a comprehensive character, Secretary Hughes giving all the confidential information received by his department from Ambassador Child and the other secretaries expressing freely their opinions regarding the possible effect on the United States.

So far as the cabinet discussion led to any decision it was in favor of continuing the present policy of non-intervention in the Genoa proceedings and standing firmly upon the American demand that Russia must assume her international obligations and establish a stable international government before she can expect American recognition. It was said the administration still was hopeful that the conference would agree on a recognition program to which this government could give its support but that if the effort failed the United States must continue to deal with the question as a separate one between this country and Russia.

OFFICIALLY PARDONED BUT STILL IN JAIL

(By The Associated Press)

CHICAGO, May 9.—Altho officially pardoned by Governor Small, the six women picketeers with their four small babies were still tonight in the jail cells to which they were sent last Thursday for contempt of a court order during a strike three years ago. The sheriff in whose custody they are being held today who has reviewed the original sentences the sustaining of which by a higher court brought them into custody, state and city officials and union leaders all sought in vain for some legal way in which they could be set free.

The refusal to honor the governor's pardon followed a decision by attorneys for the sheriff that cases of civil contempt did not come within the jurisdiction of the governor's powers of pardon.

When Governor Small was advised at Waukegan that his right of pardon in the case had been challenged and the sheriff was refusing to honor the release he reiterated his contention that the power of pardon reposed in the governor is all-comprehensive.

COURT DENIES RECEIVERSHIP

Omaha, Neb., May 9.—Receivership for the American Live Stock Insurance company, with headquarters here sought by Bart County, Nebraska, stockholders, was denied by District Judge Stauffer today, the court holding no receiver could be named on a plan of only a few stockholders without claim or proof that the company was insolvent.

Man and Wife in Battle to Death

PORT HURON, Mich., May 9.—A coroner's inquest has been called for tomorrow into the deaths of Joseph Lobert, 39, and his wife whose bodies were found at their farm home Monday after what appeared to have been a battle to the death between the two. The theory that a fight with an axe and knives led to the deaths was supported by the statement of the four year old son of the couple but the authorities are unable to explain all circumstances surrounding the case, are acting in the belief there may be other angles to the tragedy. The boy, Edward, told officers today his "mother cut herself with a knife" and then "tried to hurt father." The bodies were found by Joseph, Jr. 16 and his 8 year old sister, when they returned from school.

HOUSE WRANGLES OVER REPORT OF ATTORNEY GENERAL

Woodruff Threatens Impeachment of Daugherty

(By The Associated Press)
WASHINGTON, May 9.—In a detailed statement concerning the prosecution of war fraud cases prepared at the request of the president and transmitted today to the house, Attorney General Daugherty declared that examinations so far completed disclosed in each instance sufficient indication that a crime has been committed to warrant submitting them to a grand jury.

Presented on the eve of a Republican caucus called to consider a legislative program including a Republican resolution for investigation of charges of alleged laxity in prosecutions by the department of justice the attorney general's letter provoked a partisan row in which Representative Garrett, Democratic leader intimated that it was intended to smother the proposed investigation.

Republican Leader Mondell to whom Mr. Daugherty's letter was sent by the president did not indicate whether it meant that the resolution already given privileged status by the rules committee would be heard from again.

Taking issues with the attorney general Representative Woodruff, Republican, Michigan, declared Mr. Daugherty was requested six months ago to appeal to congress for half a million dollars to clear up his war time docket and that he never acted until Republicans in had assailed the department in the house. Mr. Woodruff reiterated that unless the attorney general allowed the "courts to decide the pending case against the Lincoln Motor Company, on its merits, I will move his impeachment on the house."

He asserted a Republican congress could not carry another election until the fraud charges had been cleared up.

The attorney general said he had insisted upon a painstaking investigation of all cases involving charges of criminality. Given a special fund of \$500,000, and with the passage of pending bills for 23 additional judges and an additional grand jury in the District of Columbia, Mr. Daugherty said the work of clearing the dockets would be accelerated. Two cases of the first magnitude were ready for prompt submission, he said, adding that investigation showed others lurking in the shadows and involved in the unlawful transaction.

Mr. Daugherty reiterated what he said recently, concerning the case of the Lincoln Motor Company involving "alleged irregularities in connection with the adjustment of a contract with that company for the manufacture of Liberty Motors."

Tracing the various stages of the litigation Mr. Daugherty said that after hearing counsel for the receiver and others interested, he had concluded that the matter should be submitted to judicial determination, and accordingly the government's claim was filed within the time allowed.

In this connection the attorney general sent to the president a letter from Federal Judge Tuttle, of the Eastern District of Michigan, referring to "the recent newspaper notoriety," and saying Representative Woodruff was entirely mistaken in making criticisms of the attorney general and the department of justice in anything that has happened or failed up to this time to protect the government's interests."

Evidence to prove that over-reduction is the principal trouble with the coal mining situation is furnished by Secretary of Labor Davis. The secretary says that 600 more mines are operating than are needed to meet normal demands and that there is an excess of 200,000 men among the miners.

A Southern publication advises Southern Senators to "insist" upon protection for Southern products in the tariff bill. No need to "insist." The Republican party has always been in favor of

protection as a principle—not for the purpose of sectional advantage. The Republican senate and house will provide for an import duty on a protection basis for the benefit of the South as readily as for the benefit of the North.

If the judicial re-districting plan of the constitutional convention goes thru, either the oldest or the youngest judge of the supreme court of Illinois would be eliminated. Both of these men reside in the northern district that would be created. However, the judges need feel no immediate alarm. It will be months before the proposed constitution is submitted and there is no certainty about its adoption.

The benefit of the effort made by the Chamber of Commerce to keep the railroad managers and the people of Jacksonville on a basis of friendly understanding is already apparent. The Burlington has met the request for better service at its station. The Wabash has shown sufficient interest to send an engineer here to make a personal inspection with reference to various betterments asked on Wabash property. This thing of meeting the railroad men "face to face" certainly has its advantages.

Now there is a possibility that Barney Baruch will become the dictator for the producing manufacturers' association and so have much to say about the kind of drama that is presented to the American public. Now if Judge Landis, Mr. Hayes and Mr. Baruch enter into a combination for keeping sports and amusements in healthy condition, some one is likely to proceed against them under the Sherman anti-trust law.

OUR SAVIOUR'S HOSPITAL.

A campaign to raise funds for Our Saviour's Hospital is in the preparatory steps. It is proposed to begin this campaign May 22 for a definite period, when it is expected the friends of the hospital in and around Jacksonville will rally to its support.

The Sisters of the Holy Cross in erecting the commodious addition to the hospital at a cost without equipment of \$250,000 have proceeded largely upon faith. The addition when finished will add more than 50 beds to the hospital capacity. The equipment proposed is of the most modern kind. The enlarged hospital will be a real community asset and the devotion and efficiency of the Sisters in their work is a matter of common knowledge. The hospital is worthy of liberal support.

Dodge & Co. have compiled building statistics and here are their figures for the central west to show increased business activity.

Contract awarded during April in the Central West (comprising Illinois, Indiana, Iowa, Wisconsin, Michigan, Missouri and portions of eastern Kansas and Nebraska) amounted to \$90,023,000, the

largest monthly total for this district since April, 1920. Last month's total was 6 per cent ahead of the previous month and 20 per cent ahead of the corresponding month of last year.

During the first four months of this year the amount of contracts awarded in this district was 37 per cent greater than for the first four months of 1921.

The April, 1922, total included: \$25,825,000, or 29 per cent, for public works and utilities; \$23,081,000, or 25 per cent for residential buildings; \$12,767,000, or 14 per cent for educational buildings; and \$12,143,000, or 13 per cent for business buildings.

Contemplated new work reported during the month amounted to \$147,975,000.

ANNUAL SCHOOL EXHIBIT FRIDAY

Includes Work in all Departments of School System—Will be Held at High School.

The annual school exhibit of the Jacksonville Public School system will be held on Friday, May 10th. This exhibit is given each year and is held for the purpose of showing the work done by the pupils during the year. The exhibits include the work in all departments of the school system such as art, music, reading, manual training, domestic art, gymnasium and other branches of the school curriculum.

The exhibit will be observed in all the schools and on Friday afternoon the exhibits will be open to the parents and friends of the pupils. Different kinds of exercises and programs are being planned and the work from the primary grades up through the high school will be reviewed by means of the exhibits. The purpose of the exhibits is to give the parents and the teachers a chance to get in closer touch with each other and in closer touch with the work of the students.

On account of the cramped quarters of the high school last year the students of the high school classes did not take part in the annual school exhibit last year. This year however the high school will participate in the exhibition and to school will be open to visitors Friday afternoon and evening. The teachers will be in their class rooms from 7 to 9 o'clock in the evening and will confer with parents and students in regard to the year's work. Exhibitions will be given in the different departments of the school and the building will be open for inspection if any one desires to visit the departments and displays.

The students in the Domestic Art department of the high school are planning a little one act play to be given Friday night as the exhibit from this department of the school. "The High School Clothes Line," will be the name of the production and in the play models will show the dresses made during the year and the work of the Domestic Art Department will be explained. The girls who will take part in the play are: Elizabeth Buruff, Martha Strang, Alta Crum, Irene Hamel and Elberta Whitlock.

WANTON VANDALISM

A short time ago some boys and girls were detected in carrying from Duncan park an arm load of flowers which they had picked from the beds in that popular resort. Surely those children need something to give them a correct idea of right and wrong. The parents must have been negligent in teaching them what is due the behavior of persons frequenting the parks of the city. Other acts have been committed there and it is discouraging to the park board whose members have striven to make things attractive in the public parks.

Possibly the young people didn't think but "Evil is wrought by want of heart," as well as by want of heart. If the parents would look after their children a little more closely and try to educate them in this respect they will be doing the public and the park board a great favor.

SOUVENIRS FROM FLORIDA

Miss Mabel Goltra has left at the Journal office some interesting souvenirs of Florida which she gathered while there. One is the shell of the bud of the Sea-fort palm. The bud is eighteen inches long and when it matures the shell falls to the ground. It is quite peculiar in its appearance. The young lady says that there has a bud three feet long and immense flowers and when they begin to fall it seems as if snow was on the ground.

Another article is a piece of the lining of the palm leaf. The article resembles satin and is beautiful. Other articles are tamarind seeds in pods. They are quite acid and are sometimes used like lemons in preparing a desirable drink.

CHANGE IN FIRM

Announcement has been made of the dissolution of the partnership of Christos Genetos and Tom Calley, the latter to retire from the business. The two men, who are well esteemed in business circles, have been associated in the business of the Princess Candy Co. The firm name will not be changed.

OLD JACKSONVILLE

AN OLD CHURCH BUILDING

(BY ENSLEY MOORE)

Member Illinois State Historical Society

The Rev. John M. Ellis of Illinois College fame, became supply of the First Presbyterian church of Jacksonville in 1828, in which year he was married to Miss Frances C. Brard of Kaskaskia, where he was then resident. Mr. Ellis wrote under date of February 16, 1829, "we have occupied for several weeks the house built for us by the church here. x x x What is most needed now is a suitable meeting house. Teaching is held in a schoolhouse, but on common occasions it is usual to see numbers going home, unable to gain admittance. Few towns have risen so rapidly as Jacksonville. About a dozen frame buildings finished in good style have gone up the past year. I have not counted the temporary log buildings going up daily almost."

Pastor.

In June, 1830, Mr. Ellis wrote, "The pastoral charge of this church was committed to me by installation on the first Sabbath in April."

The pastor wrote, in July, 1831, "I am happy to state that our meeting house (30 feet by 40) is complete, and was dedicated June 19. No other Protestant church is finished with pews in the state. For more than one third of the means of erecting this house we are indebted to friends in Philadelphia, New York and Boston. On common occasions it is filled to overflowing. At our next communion we expect to receive additions which will make our number exceed one hundred."

The lot on which the new church and parsonage was located was at the northwest corner of West State and Church streets, and had been donated by Dr. E. O. Chandler, who also gave the site of Jacksonville Female Academy.

This church building was occupied by the Presbyterians until 1847 (or 1848) when it was turned over to a contractor on the new building to supply its place, erected on the ground where the Journal office now is. The contractor sold the little building to a body of Universalists who used it for a few years. Latterly, it was occupied as a residence, after some reconstruction; and, finally, the lead of the Rev. W. W. Harsha, D. D., secured the property, and moved the frame back, facing it east, on the north end of the lot. Originally, it was faced south, having two doors opening to that direction. Meantime the organization had become the Central Presbyterian church, and that body erected the present building now on the corner, and now occupied as the First Baptist church.

What makes this sketch pertinent today is that the little old building has been sold, and is now being taken down by the purchaser. It is, with the first part of Beecher Hall, at Illinois College, the oldest of the public buildings of Jacksonville, and it certainly seems too bad that it could not have been kept, and preserved for its splendid history.

Great men preached in that humble house, and it was the first home of the Presbyterians and Congregationalists in this place.

Probably Gideon Blackburn, Edward Beecher, resident Julian M. Sturtevant, Mr. Ellis, and other great men of other churches of those early days preached in it. Of course, as shown above, it was Mr. Ellis' pastoral home, and never to be forgotten for the wonderful body of good men and good women who gathered in it to worship their God and Father.

MRS. N. B. ROHRER IS CALLED BY DEATH

Life Long Resident of Waverly Passed Away Early Tuesday Morning—Funeral to be Held Tomorrow.

WAVERLY, May 9.—The death of Mrs. Ella Crain Rohrer, wife of N. B. Rohrer, came very suddenly at an early hour Tuesday morning at the family home here. Mrs. Rohrer had been in failing health for a number of years, but her condition had not been serious and, as indicated, the end came very suddenly.

Coroner Rose of Jacksonville was summoned and held an inquest, the verdict being that death was the result of a cerebral hemorrhage.

Mrs. Rohrer was stricken while at the breakfast table and her death came after a few moments. Dr. W. H. Allen was summoned but Mrs. Rohrer passed away shortly after his arrival.

The deceased was born in Waverly and spent her entire life in this community. She was a graduate of Illinois Woman's college at Jacksonville and was at one time a member of the board of directors. Later she was a student at Northwestern University.

The marriage of the deceased to N. B. Rohrer occurred on March 17, 1889, in Waverly and the husband survives. No children were born to them but they reared a nephew and niece of Mrs. Rohrer, Hersey Crain, now of Chicago and Miss Helen Crain, living at home. The deceased is survived by one sister, Mrs. Kate Batty of Oklahoma and one brother, Thomas Crain of Springfield.

The funeral services will be held Thursday from the late residence in charge of Rev. C. W. Hamand of the M. E. church. Interment will be in East cemetery.

ALUMNAE MET

The Conservatory and Academy alumnae met at Academy Hall, Monday at one o'clock. There was a good attendance and a successful business meeting was held. The reports of the various committees were given.

WILL NOMINATE
C. OF C. DIRECTORS

Primary Ballots Have Been Sent Out—Twelve Names to Be Selected.

Primary ballots were sent out yesterday by the Chamber of Commerce for the nomination of twelve candidates for the board of directors to fill the vacancies caused by the expiration of the term of office of six directors. The ballots to be counted must be returned to the Chamber of Commerce by 7 p. m. Friday, May 12.

Tellers will then go over the returns and the twelve members of the organization who have received the highest vote will become the nominees. Then the twelve names will be submitted to the members of the organization for the selection of six. The directors whose terms have expired are R. Y. Rowe, J. W. Merrigan, E. A. Brennan, M. L. Pontius, W. E. Sullivan and V. R. Riley.

Recently Mr. Pontius wrote a letter to the directors indicating his wish to retire from office because numerous other duties make it practically impossible for him to attend directors' meetings.

The primary ballot includes a notation not to vote for the hold-over directors of the organization, who are E. E. Crabtree, H. M. Capps, T. A. Chapin, Henry Frick, John S. Hackett and J. W. Walton.

END OF YEAR NEAR
FOR THE HIGH SCHOOL

Friday, May 26th, Is Commencement Day—Large Class Will Receive Diplomas.

The first of commencement season events will be in connection with Jacksonville high school. The baccalaureate service will be May 21, that is one week from next Sunday, but the class has not definitely decided at which church the service will be held this year.

Thursday, May 25, is class day and the exercises will take place in the evening with commencement on Friday, May 26, at 8 p. m.

Supt. Perrin and the committee is working out the final commencement program. A non-resident speaker will make the address. None of the class will speak and honors will not be awarded.

Miss Kent is the class officer and the final arrangement for class day and baccalaureate service will be made by the close of the present week.

BRILLIANT RECITAL GIVEN LAST NIGHT

Miss Edna Sheppard and Sergei Radamsky Russian Tenor Gave Fine Program at Central Christian Church.

Last evening Miss Edna Sheppard, pianist, and Sergei Radamsky, the Russian tenor were presented in recital at the Central Christian church, a large audience hearing their concert.

Miss Sheppard is of course not new to Jacksonville and as always before was greatly appreciated and enjoyed. In her second group of moderns an dlm his Liszt Rhapsodie she was especially brilliant. Miss Sheppard shows a continual growth in both technique and conception.

Sergei Radamsky was new to Jacksonville audiences and was an agreeable surprise. He is a born artist, his father before him being a great singer. He sang before public gatherings in Russia when he was two years of age. However he began his serious study when seventeen years of age. Belonging to a wealthy family he sang for the mere joy of singing, and because of his love of the art, it being his father's intention that he should not go on the public platform. However, as the boy's voice developed he furthered his studies. Subsequently he studied under the great masters in Russia, Poland, Austria, Germany, France, and Egypt, scoring great success before the public wherever he appeared.

Not satisfied with the laurels already won he came to the United States in 1912. Here he found that he ranked third among the great tenors and immediately set about to resume his studies. Since then he has studied with six American teachers, two of which he detected to be fakes, and to one of the remaining four, he pays the tribute of being the greatest teacher he has met in all his travels. He is none other than Arthur Wilson of Boston, Mass.

Mr. Radamsky says that in no country in the world are there so many beautiful voices as here in America, and that is only a matter of twenty or thirty years until the United States will lead the musical world.

He has appeared with great success at such places as the Century Opera House, and Aeolian Hall, New York. Critics such as Philip Hall of Boston have paid

splendid tribute to his art and the Boston Transcript and Globe gave him highest praise. He has been offered numerous tutor ships at various places where he has appeared, hence it is no wonder that he captured his audience here. He sings opera or concert equally well.

That he is an artist — no one will say nay—he knows how to sing oratorio, showing a fine sense of tradition in his Handel numbers, after which he was recalled and gave another aria and recitative from the Messiah, "Thy Rebuke."

Mr. Radamsky's art is great as is his vocal equipment, which is a splendid robust tenor. He does much with it, both in pianissimo and dramatic work. Splendid conception of what he is singing and the way he sings it is compelling and he is above all artistic in everything he says.

In the Russian songs, Mr. Radamsky was superb and they were especially suited to his dramatic style. He won a distinct success and we wish to hear him again soon. During the course of the program both artists responded to generous applause.

DOES NOT HOLD

OUT MUCH HOPE

LONDON, May 10.—A despatch to the Times from Dublin pictures the outlook for an agreement by the peace conference rather hopelessly. It says that as far as could be learned the two parties to the conference are as far from agreement as ever.

The despatch adds that a break down in the negotiations would not necessarily immediately terminate the truce.

TARIFF STRUGGLE BRINGS SENATE TO EIGHT HOUR BASIS

Beginning Today the Body Will Hold Night Sessions

(By The Associated Press)

WASHINGTON, May 9.—The senate went on an eight hour basis today in its struggle with the tariff bill and word was sent around by the Republican leaders that beginning tomorrow there would be night sessions. The plan is for the senate to meet at 11 a. m. as usual and remain in session until 10 or 11 p. m.

Republican leaders said there was no question about their ability to maintain a quorum after sundown. They explained that it was not the purpose to shut off debate on the tariff but to afford additional time for discussion and speed up action on the remaining 2,000 odd committee amendments.

Only one item—formic acid—was disposed of today. After five hours of debate the senate voted down without a roll call an amendment by Senator McCormick, Republican, Illinois, to make the duty on this acid six cents a pound instead of four cents as proposed by the committee. After another hour of discussion an amendment by Senator King, Democrat to reduce the rate two and one half cents was rejected. The committee amendment then was approved without a roll call.

Never before could you
get so much tire worth
for \$10.90

AR-OWNERS who bought a 30 x 3½ "Usco" for \$10.90 last Fall have discovered this by now—

Nobody before ever got so much tire value in the neighborhood of ten dollars.

They never had to question the quality—with the makers of U. S. Royal Cords behind it.

They couldn't help admiring the price—spontaneously made to meet the new economy times.

Today a number of other 30 x 3½ tires have come into the popular \$10.90 price range originally established by "Usco."

So it might be well to remember

OUR SAVIORS HOSPITAL CAMPAIGN PLANNED

New Building and Equipment Will Cost \$300,000—Friends Will Be Asked to Aid With Contributions—W. T. Harmon Is Campaign Chairman.

A campaign for funds for Our Saviour's hospital is near at hand. W. T. Harmon will be general chairman of the campaign and an executive committee will be named at an early date. The campaign will open Monday, May 22, and will continue for from 10 days to two weeks. The splendid addition to Our Saviour's hospital has been erected at a cost of \$250,000 and an additional \$50,000 is needed for equipping and furnishing the hospital.

A meeting of a few friends of the hospital was held at the Pacific hotel Tuesday evening, when preliminary plans were talked over and Mr. Harmon was chosen for chairman. The facts about the entire organization for the campaign will be ready for publication in the course of a very few days.

First General Appeal
Our Saviour's hospital was established twenty-two years ago and this will be the first time during that period that the hospital has made any general appeal for aid. The facilities of the original property have been enlarged from time to time until furnishings have been provided for forty patients.

In later years the capacity of the hospital has been continually taxed. The hospital is in charge of the Sisters of the Holy Cross

and fifteen Sisters are engaged in the work. Because of their devotion and the fact that they receive no pay other than the mere necessities of life, it has been possible for them to accumulate thru years a fund of \$27,000. This amount was made the nucleus for the fund for the erection of the splendid hospital addition, which will provide besides hospital equipment rooms for 58 additional patients. This will make the total capacity of the hospital nearly 100. In building the hospital the Sisters have had great faith in the future and the support of friends. The finishing work is now being done on the fourth floor of the addition and the Sisters expect that this part of the building will be available for use sometime in June. The diet kitchen, X-ray and drug rooms, general and special operating rooms, surgical dressing and etherizing room and some other special departments occupy the space of this floor.

The first, second and third floors will be for patients' rooms and the basement will provide a dining room for sisters, one for special nurses, another for nurses in training and a fourth for employees.

In addition, there will be a store room, emergency room, class and lecture room, spaces for the elevator, dumb waiter and other special equipment. It is not the intent of this article to give any extended description of the hospital building. Persons who have viewed the building even from the outside without inspection of the interior know that it cannot fail to be a wonderful addition to the hospital facilities of Jacksonville.

The finished building will be of benefit not only to the city but a wide surrounding area. The increased facilities will no doubt result in the bringing of many additional hospital cases to Jacksonville.

PROPERTY OF GREEKS BROUGHT TO CITY

Personal Belongings of Accused Men Shipped to Bunk Car—Bullet Holes Show Signs of Battle.

Walter W. Wright was informed yesterday that the trial of the twenty-nine Greeks confined in jail here has been set for May 22, in the Adams county court at Quincy. Mr. Wright will make an effort to have the date changed, as there is not sufficient time to prepare the case between the present and the date, and further because the Morgan county circuit court is now in session.

The personal property of the Greeks was brought to Jacksonville Tuesday in one of the box cars which the men occupied at Frederick. The car, which is now on a siding near the C. B. & Q. freight house, shows definite signs of the riot. There are numerous bullet holes on both sides of the car. While it is likely that shots were fired from the car, it is just as certain that bullets were sent thru the car siding from the outside. It is assumed that pictures of the cars will be used in evidence. Theodore Arisman was in Frederick one day last week taking pictures of the station and the box cars.

FLOYD SANDERS IS SERIOUSLY INJURED

Boy Falls from Running Board of Car Tuesday Evening and Sustains Injuries—Only Partially Regained Consciousness Last Night.

Floyd Sanders, son of Mr. and Mrs. C. D. Sanders of Highland avenue, is a patient at Passavant hospital as the result of an accident which happened at 8 o'clock Tuesday evening.

He is a sophomore in the high school and with a number of his classmates went to Rowe woods northwest of the city for a picnic. On the return trip young Sanders was riding on the running board of one of the cars and when a sudden stop was made, fell violently to the ground.

The unconscious lad was brought to Passavant hospital where Dr. C. E. Black attended him. Dr. H. A. Chapin was summoned and made a number of X-ray pictures in the effort to determine the exact nature of the injury. At a late hour last night the patient had only partially recovered consciousness and there was still some doubt as to the extent of his injuries. It is feared that an injury to the spine has resulted. Young Sanders is employed after school hours as an usher at the Majestic theater.

AGED MAN HAD CATARACTS REMOVED

The veteran J. M. Campbell, father of Norman Campbell with Hall Brothers of this city is 91 years old and recently had a cataract removed from an eye successfully. The sight of the member was wholly gone and the other eye is being clouded and in time probably a ripe cataract there will be ready for removal. Meanwhile the old gentleman will get about very well with his one eye. He left the hospital for the home of his son who, with his wife, gives the old gentleman the best of care.

GARVIN WILL CASE IN CIRCUIT COURT

Judge Burton Gave Ruling on Speech of Plaintiff—Various Orders Entered.

Judge Burton spent much of his time in the circuit court yesterday in hearing further evidence in the suit of Nath Hudson et al. vs. John Garvin, et al., brought to set aside the will of Martha Van Tyle. This case has been pending thru several court terms. A plea of estoppel was entered with reference to Mrs. Scholfield, who is one of the complainants on the ground that she had elected to take her share of the estate under the will and that she therefore had no right to appear as a complainant.

The master had made a report favorable to Mrs. Scholfield, upholding her right to appear as a complainant, and the judge heard exceptions to the master's report. The court then entered an order sustaining the master's report. The effect would be that the hearing of the original suit to set aside the will can now proceed. This case involves property holdings to the value of about \$50,000, most of the land being in the vicinity of Ashland. The complainants are represented by Thompson & Thompson and the defendants by Bellatti, Bellatti & Moriarty and Wilson & Butler. Judge Burton made the following docket entries yesterday:

In the suit of Susie Rice vs. Edward Goldstein, trespass on the case, motion was made by the defendant for rule on the plaintiff to give security for costs.

In the action for damages, brought by Walter Ayers against the Jacksonville Railway Co., the cause was heard on demurrer to the declaration and was taken under advisement.

Chancery
In the bill of George G. Blunt vs. Olive M. Blunt, et al., to set aside will, the cross motion of the complainant for leave to file cross bond was allowed and the motion to dismiss was denied. Rule was entered for the complainant to file cross bill by May 29.

In the partition suit of William C. Lorton, et al. vs. Benjamin Lorton, the master's final report was approved and the cause was stricken.

In the partition suit of Ida M. Montgomery vs. Caroline R. Montgomery et al., the commissioners' report was filed and approved and the decree for sale allowed; fixing the complainant's solicitors' fees.

In the partition suit of Ella B. Myers vs. W. J. Myers et al., the master's report of final distribution sustained and approved and the cause stricken.

In the divorce suit of Dollie M. Rhea vs. John A. Rhea, motion was made by the court to set aside the default order and for leave to answer.

In the divorce suit of Hannah Hamm vs. Monroe Hamm, the defendant was called and default order taken.

In the divorce suit of Bertha Weis against Henry Weis, decree was granted on the ground of drunkenness.

In the bill of Charles A. Myers et al. vs. John S. Green et al., leave was given the defendant to answer by May 15.

In the bill of Ella H. Browning vs. Farmers State Bank & Trust Co., leave was given the defendant to answer by May 18.

In the bill of A. C. Kingsley vs. the Security Life Insurance Co., the cause was dismissed by the complainant at his cost.

Under Price Gas Ranges Mean Over High Gas Bills

Would You Prefer an Initial Saving of Three or Four Dollars, or a Monthly Saving of 50c to \$1?

The First Cost of the Gas Range is a Small Matter Comparatively; it is the Cost of its operation the Year Around That is the Most Vital Point for You to Consider

It Costs Less to Operate a New Method Than Any Other Gas Range

These figures were secured as the result of a most thorough competitive test with twenty makes of stoves.

Supposing that the initial cost of some unknown range was \$2.00 or \$3.00 less, and your gas bills were \$4.00 a month.

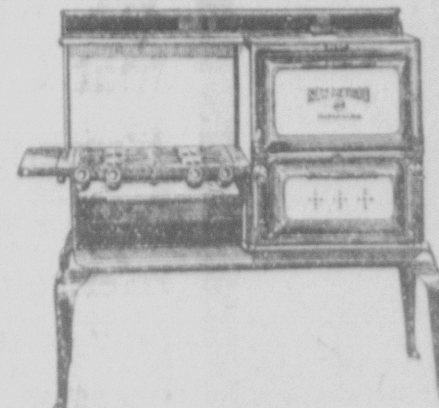

With the New Method there would be a saving in your gas bills per year of more than the difference in cost between the two ranges.

Is This Saving Worth While?

Especially when you consider that the New Method is enameled throughout, even including the burners, which makes it the most sanitary range made. Split oven doors, movable simmering burner and lighter, are the other features not found in any other stove.

BELL TOLL LINES ARE TRANSFERRED

Cut In to Illinois Switch Board Tuesday Night—Bell Offices Closed—Working for Betterments in Service.

The twenty-three toll lines of the Bell Telephone Co., which have been operated from the Bell offices since the consolidation of the properties were cut over at midnight Tuesday to the office of the Illinois Co. Hereafter all long distance lines over both the Bell and Illinois companies will be operated from the Illinois office. The lines cut over include The Associated Press wires and those used by the gram commission houses.

There still remain two pairs of switch boards at the Bell offices but these are to be removed at a very early date to the Illinois offices.

The change last night practically marks the closing of the Bell offices, altho the company's lease does not expire until Dec. 31 of this year. The nine operators who have been employed in the Bell long distance office will be transferred today to the Illinois office.

Manager Taylor said yesterday that some delays and annoyances are inevitable as phones are being changed. Several weeks ago every subscriber was given an opportunity to indicate the class of phone service desired, that is, single or party lines. These changes have resulted in a great many variations from the loss of subscribers. Consequently at present when persons call numbers after reference to the telephone directory they are not connected with the person they expect to reach. However, with the passage of a few weeks more these changes will have all been made.

A change which will certainly eliminate confusion will be seen when the next directory is issued. Line phones will be designated

"W," "X," "Y" or some other letter instead of "50," "60" or "70." The figures are easily understood in the reading but in sounding them confusion has quite often resulted.

Manager Taylor now has each operator respond to a call with the inquiry "Number, please," and then the operator repeats the number after the subscriber has given it. The purpose is to make for accuracy and it will help if the subscriber will indicate as the number is repeated that the operator has understood the call.

The policy of the company is for better service and better service can come about only thru the interested co-operation of the company employes and subscribers.

Use your automobile and take somebody's Shut-in Mother to worship Sunday, May 14.

REMARKABLE QUILT

J. O. Applebee of this city has in his possession a valued article once the property of his mother, now deceased. It is an old-fashioned pieced quilt made away back in the 1850's with the exception of one piece prepared in 1849.

It might with propriety be called an album quilt as probably fifty friends contributed to its contents. The donors took white goods and with invisible ink wrote on the piece giving the name of the donor and a sentiment in addition.

The quilt has been washed a number of times but the names on the pieces are yet legible. Needless to add, Mr. Applebee and family value the quilt very highly. The contributors ranged in age from eleven to seventy years.

Send a Message to Mother May 14. Remember your best friend.

Hear of Missions in China

The work of missionaries in China was the subject of the program given at the meeting of the Missionary society of State Street Presbyterian church yesterday afternoon. Mrs. F. Langton of Trinity church told of Episcopal Missions in China and of the work of Dr. and Mrs. Roys who are Presbyterian missionaries in China. Dr. and Mrs. Roys are personal friends of Mrs. Langton and she told of some very interesting experiences which they had had in the Far East and of the mission school which they conduct near Peking.

The program was followed by a pleasant social hour and the serving of refreshments. Mrs. Harry Brady was chairman of the hostess committee and she was assisted by Mrs. Albert Hall, Mrs. Carl E. Robinson, Mrs. Robert Cunningham, Mrs. Lucy Davis, Mrs. Arthur Zeigler and Miss Susan Hall.

Congregational Society Met.

The Ladies' Aid society of Congregational church met yesterday in the rooms of the Pilgrim Memorial for an all day session. The hours were spent in sewing for Passavant hospital and a large amount of work was done as there was a good attendance. An attractive luncheon was served at noon in charge of Mrs. J. W. Bowen as chairman.

The next meeting will be held with Mrs. Harry Rice May 23.

A VETERAN SALESMAN

J. S. Mowree of Lancaster, Pennsylvania, was calling on The Graham Hardware Company yesterday. The gentleman is 12 years old and has been selling locks 43 years. He travels over 38 states and gets about as lively as many young men. No doubt if he gave up his business he would soon go down and pass away.

SCOTT COUNTY MAN WEDS IN THE NORTH

Frank Doyle and Miss Marie Endres of Fairbault, Minn., United in Marriage Recently—Other Winchesters and Scott County Items.

Winchester, May 9.—The Fairbault (Minn.) Daily News of recent date contains the following account of the marriage of Frank Doyle of Winchester:

The wedding of Miss Marie Endres, daughter of Mr. and Mrs. W. H. Endres, and Frank Doyle, son of Mr. and Mrs. James Doyle of Winchester took place Tuesday, May 2, at the St. Lawrence church, Rev. H. C. Smallan, pastor of the church performing the ceremony.

The church was beautifully decorated with Easter lilies, sweet peas, roses and ferns. Miss Rose Fredette, before the ceremony played a program of nuptial music. The ushers were Phil McCarthy and O. Coleman and were the first of the bridal party to enter the church. They were followed by Miss Barbara Meyers, maid of honor, and William Endres, best man. Miss Meyers wore a gown of peach colored taffeta with a hat of tulle to match, and carried an arm bouquet of Ophelia roses.

The bride wore a charming gown of white crepe meteor with overlace bodice effect, beautifully draped with shagw lace and finished with Russian rose point. She carried a white prayer book with white ribbon streamers, daintily tied with lilies of the valley.

After the ceremony a wedding breakfast was served at the home of the bride's parents. The rooms throughout the residence were beautifully decorated with sweet peas and pink roses.

Mrs. Doyle is the youngest daughter of Mr. and Mrs. Endres and has always made her home in Fairbault. For the past two or three years she has been in the employ of the Style Shop.

Mr. Doyle and his bride left following the ceremony and reception for an extended visit thru the west and will be at home after June 15 in Rochester, Minn.

News Notes.

Mr. and Mrs. Frank Doyle, who were recently married in Fairbault, Minn., arrived in Winchester Monday evening to visit at the home of the groom's parents, Mr. and Mrs. James Doyle, southwest of town.

Mr. and Mrs. L. E. Bowman of Chicago are guests at the home of the former's mother, Mrs. Martha Bowman, and his sister, Mrs. W. D. Gibbs and family.

L. C. Sturgeon visited in Jacksonville Monday with his son, Louis, who is in the hospital there.

Mrs. Walter Cline and children of Medora spent Tuesday in Winchester at the home of Mr. and Mrs. Charles Burdick.

MANY SCHOOLS IN INTERSCHOLASTIC

Thirty Seven are Entered so Far—Number Included in the Personnel of the Various Schools Number Over 350.

Thirty-seven schools had sent entries up to last night to Coach Harmon, director of Athletics at Illinois College for the seventh annual interscholastic meet.

The athletes representing these schools number over 350 and this does not include the entries of the schools in the declamation, music and other intellectual contests which start tomorrow night.

With two more days in which to receive entries it is probable that nearly fifty high schools will be represented in the various events this year. The last one to send its entry in last night was Waverly high.

Coach Harmon and his assistants are making elaborate plans to care for the students and to make their stay in Jacksonville enjoyable. The track and field is being placed in shape. Mr. Harmon stated last night that if it rained before Saturday that the track would be lightning fast and there probably would be some records broken.

OPAL TAYLOR SUFFERS INJURY

Opal Taylor who is the son-in-law of Samuel Bailey and who lives at the latter's home "Maple-dale," west of the city, was injured yesterday while cranking a tractor. Mr. Taylor was at work with the tractor on the farm and when cranking the machine it backfired, the crank striking Taylor on the arm and fracturing his right wrist.

The injured man was taken to a surgeon's office in Jacksonville and after receiving the proper attention was able to return to his home.

SENT LIBERAL CHECK.

A check for \$100 for the flood relief fund was received yesterday from the Cracker Co., of Chicago. The check was sent thru the Jenkinson Bode Co. and C. J. Buhrer, manager, yesterday delivered the check yesterday to Secretary Welch of the flood committee.

The Cracker Jack Co. has a liberal policy in making contributions where special funds are being raised.

Unknown Foods

You do not ask your family to
sit down to the table with un-
known guests.

Are you equally careful about
the meats you invite them to eat?
Equally sure of where they come
from, what they are, who stands
sponsor for them?

Nowadays, fortunately, the
risk is not great. But with
Swift & Company's products
there is none.

Swift & Company's products
are the result of years of experi-
ence, of careful, conscientious
effort.

Their quality is a constant fac-
tor, always to be depended upon.
The consumer is doubly pro-
tected because, in addition to the
care used by Swift & Company,
Swift's food products are care-
fully inspected by government
employees and bear the federal
inspection stamp.

The word "Premium" on ham

CHATTANOOGA U GETS ENDOWMENT

Campaign for \$850,000 is Success-
ful—Dr. John W. Hancher in
Charge of Work.

CHATTANOOGA, May 4.—The
University of Chattanooga's cam-
paign for endowment and devel-
opment purposes closed recently
with the full amount secured.
The slow recovery of the South
from the general depression
which the whole country has been
experiencing, presented unusual
difficulties, and makes the victory
a more significant one.

The University of Chattanooga
was assisted in the work by Dr.
John W. Hancher, of the Depart-
ment of Finance of the Board of
Education of the Methodist Epis-
copal Church. In announcing the
results, Dr. Hancher stated that
the University was especially to
be congratulated in securing the
full amount desired, because of
difficult money conditions.

The happy outcome of the Uni-
versity's development efforts is
considered by friends of the In-
stitution an expression of good
will by the community to the new
president, Dr. Arlo Ayres Brown.
At his inauguration on January
25th, President Brown made an
effective plea for the University
and stressed its importance not
only to the city of Chattanooga
but to the entire South.

The General Board of Educa-
tion of the Rockefeller Founda-
tion contributed \$165,000 toward
the amount secured.

A WEDDING DAY RECALLED

Robert Hockenbush of the
Hockenbush and Elliott Bank re-
sided, in 1855, at the southeast
corner of North Main and Wash-
ington streets, in a large old
fashioned house. His wife was a
sister of Mrs. Starford Smith of
Meredosia, Mrs. Joshua Moore of
Perry, Mrs. Joseph C. Thompson
of Meredosia, and Misses Eliza
N., and Mary Amanda McMackin
of Jacksonville.

On May 9th, 1885, Miss Mary
Amanda McMackin and Mr. Will-
iam Divine, Jr., of Philadelphia,
Pennsylvania, were married about
"high noon," in the Hockenbush
house, by the Rev. L. M. Glo-
ver, pastor of the First Presbyter-
ian church of Jacksonville.

All the ladies above named,
and some others from the East
were entertained at the Hocken-
bushs, but the men folks had to
go to the Mansion House now Park
Hotel, for the night of May 8th.
Mr. Moore had his little boy along
and so he recalls the anniversary
of the wedding with much
interest.

ENTRY BLANKS ARE SENT OUT FOR MEET

Twenty eighth Interscholastic given by the University of Illinois is scheduled for May 19-20.

Entry blank for the 28th Annual Interscholastic contests to be conducted by the University of Illinois for May 19th and 20th, have been sent out to seven hundred and fifty high schools in the state. Besides the blanks for the track and field meet, entry blanks were sent out for the tennis tournament and golf tournament. All the high schools in the State of Illinois supported by public taxation and recognized by the State Department of Public Instruction, and high schools conducted by normal schools, college and universities for the purpose of practicing teaching or educational research will receive entry blanks and are eligible to enter teams.

Ninety seven schools have already signified their intentions of being represented in the contests and before the entries close, on May 10th, it is expected that more than 100 schools will be entered. At least years meet one hundred schools were represented by six hundred and fifty contestants. Thirty teams were entered in class A last year and seventy in class B. Class A was won by Champaign high school while Forrest high school carried off the honors in class B. Both these schools are entered again this year and are back to duplicate their feats of last year. In last years meet Goode of White Hall threw the javelin 169 feet 6 inches, breaking the former I. A. A. record held by Meade of Virginia, by more than twenty six feet.

On Friday afternoon, May 19th at 1:15 P. M. the preliminaries in the 50 yard dash; 100 yard dash; 220 yard dash; 120 yard high hurdles and 220 yard low hurdles will be run off for both class A and class B. This is necessitated because of the large number of anticipated entries. Besides the contests for the high school athletes, The University of Illinois ball team will oppose Michigan and Notre Dame in two interesting ball games and the track team has a dual meet scheduled with Notre Dame for the 19th. The Interscholastic Circus will be staged on Illinois Field Saturday night. Plans are well under way to take care of a record crowd over the week end and everything is being done to make the high school guests enjoy their visit to the University.

Don't Neglect Kidney Troubles!

Dropsy, Diabetes and Apoplexy
Most Dreaded Diseases

Neglect of any derangement of the kidneys is dangerous in the extreme. Kidney trouble is Nature's warning against the approach of Bright's disease, diabetes, dropsy and apoplexy—all diseases that are eventually fatal in their effects. Read what Mr. A. Fillinger, R. F. D. No. 2, Wheeler, Ill., says:

"I was a great sufferer from kidney and liver derangements for several years. The pains in the back were almost more than I could endure, and the whole digestive system was upset. Though many medicines were tried, I never obtained permanent relief until I used Dr. A. W. Chase's K-L Pills. It is a pleasure to recommend so excellent a medicine."

You can buy Dr. A. W. Chase's remedies at all drug stores. To be sure of getting the genuine, see that portrait and signature of A. W. Chase, M.D., are on every box. This trade mark is your protection against substitute and imitations. —Advertisement. 10

The closing meeting Tuesday evening will be addressed by Horace Bridges of the Chicago Ethical Society and others.

BALFOUR RAISED TO HOUSE OF LORDS

LONDON—Sir Arthur Balfour's acceptance of elevation to the House of Lords as Earl Balfour of Whittingehame adds to an already confused list of British peers.

There was already a Lord Balfour of Burleigh, two Lords Morley—the Viscount and the Earl—two Lords Cobham, two Lords Ashton, a Lord Curzon in both houses, (the Common having the courtesy title of Viscount), Lord Middleton and Lord Middleton, Lord Lindsay and Lord Lindsay, Lord Longford and Lord Longford, Lord Terington and Lord Terington.

Commenting on Sir Arthur's admission to the House of Lords, the Observer said:

"Having entered on the slippery slope of accepting titles, Sir Arthur Balfour now finds himself doomed to the House of Lords, the destiny equally of success and failure in politics. It is a pity we cannot find a way of distinguishing between those who are made peers because of their eminent services and those who have been made peers because their services were not eminent. Is there any other institution in the Empire thus curiously recruited from the top and from the bottom?"

RUSSIANS FIND LIFE DIFFICULT

Thrown on Own Resources By Government Find Fluctuations In Money Values Make It Hard to Make Both Ends Meet.

Moscow.—By the A. P.—Many of the millions of persons hitherto fed by the government and who are now being thrown upon their own resources are finding life in Russia complicated by depreciation in the value of the paper ruble growing constantly more difficult.

Only 6,000,000 persons including the Red army, are now receiving government rations, says the Moscow Pravda. Last September the number was 11,500,000.

Factory workmen, government employees and others, cut off the free ration list receive, in theory, pay increases supposed to be adequate to permit them to buy their food on the open markets. The pay fixed today, however, may be worth actually in purchasing power, only half as much next month.

Prices for food and other articles in Moscow follow almost exactly the depreciating value of the ruble as compared to gold or foreign money. If street buyers pay 250,000 rubles to the dollar today and 1,000,000 for the dollar a week or so hence, bread will cost four times as much a week hence.

A salary of 2,000,000 rubles monthly, fixed a month ago has little purchasing power today with street car fares fixed at 32,000 rubles, newspapers 5,000 rubles each and black bread 50,000 rubles a pound.

How Russia manages to exist thru all these difficulties is a puzzle to the foreigner; yet Moscow's population does not appear to be greatly undeterred.

Housewives perhaps fear their hair when they find that varying market prices disrupt their household budgets. A chicken, say, that was quoted yesterday at 800,000 rubles, may cost 1,000,000 today but many Muscovites manage to get the additional slips of paper called money and buy the chicken, just the same.

WILL SURVEY SOILS OF GREENE COUNTY

CARROLLTON.—A corps of men under Prof. J. G. Mosier who are directing soil survey work in Illinois will arrive here early in July to commence the complete survey of the soils in Greene county, according to arrangements announced by the Greene County Farm Advisor, E. M. Phillips.

Following the survey maps will be prepared showing the character of soil found in every ten acres of land in the county.

"Soil maps with legend accompanying will be very valuable," Mr. Phillips said. "As indicating the kind of treatment required to put the land in condition for the production of better crops. The expense of making the survey is borne by the state."

KING AND QUEEN RESTING AT WINDSOR

WINDSOR—King George and Queen Mary both are said to have needed the rest they are expecting to get while here. Not only did the wedding of Princess Mary mean a great deal of work for them but they have been under a considerable strain while the Prince of Wales was in India. Affairs nearer home have also caused them concern.

Queen Mary, always solicitous for the health of her family, is additionally anxious that the King should secure as complete a rest as possible now, because the coming summer is full of engagements which will tax his strength pretty considerably.

RETURN FROM TRIP TO PACIFIC COAST

Dr. and Mrs. J. R. Harker Arrived Yesterday—Dr. Harker Praises Beauty of Jacksonville.

Dr. and Mrs. J. R. Harker returned to Jacksonville yesterday after an absence of about eight weeks which they spent traveling in the west and south. During the trip they attended a number of reunions and meetings of former students of the college present at a reunion meeting.

Most of the eight weeks was spent by Dr. and Mrs. Harker with their children and grandchildren in Berkeley, California. On the return trip they met Arthur Wood and Mrs. Iven Wood, both of them former residents of Jacksonville. They made the trip back to Jacksonville by way of Texas, stopping one day at El Paso, one day in Pecos and several days in Abilene visiting relatives.

"The west is mighty fine," said Dr. Harker yesterday, "but there is no spot there that compares with the beauty of Jacksonville. The main difference that strikes me is the fact that out west there are beautiful places but they are 'man made.' To have a lovely lawn or farm requires constant care and irrigation. Here in Jacksonville God makes it beautiful for us and all that we have to do is admire the loveliness that is all around us. After all there is no place like Jacksonville."

NEW JUVENILE BOOKS AT PUBLIC LIBRARY

Campbell, Helen L. Story of Little Metzu the Japanese boy. An interesting book for children of ten, telling of the Japanese manners and customs. The print is good and the illustrations charming and accurate.

George, Elmer R. Running Fox. Another of Gregor's true-to-life stories of the Indians. Running Fox, son of Black Panther, the famous Delaware chief, asks his father to test him by the most difficult feat he can think of. Black Panther tells his son that to learn the secret of the power of the Delaware's great enemy, Standing Wolf, the Mohawk, will test him as nothing else could. How Running Fox, after thrilling experience with beasts and men in the wilds, reaches the Mohawk camp and what he does there makes a fascinating tale.

Tomlinson, Everett T. Scouting with Kit Carson. This is a story of a boy who shared with the great scout the exciting frontier life in the days when the buffalo roamed the plains and warring bands of Indians were a constant peril. Kit Carson's life is carefully followed and his character well drawn. His courage, his friendliness and honesty are qualities of life never more in demand than today.

PRESENT PRINCE WITH CABINET

OSAKA, Japan—A gorgeously decorated lacquer cabinet, representing 10 years work by master carvers, will be represented to the Prince of Wales during his visit to this city.

The cabinet contains 54 panels depicting Japanese scenes and customs as represented by the Fujiwara or Fifteenth century period. The doors are decorated on both sides, plum blossoms on the exterior and dances of the period on the interior.

A set of four silk embroidered hangings also will be given the royal visitor as a token of the city's esteem. These hangings are nine feet by seven, and reproduce floral works of a celebrated master in favor during the Fifteenth and three following centuries.

TOLEDO INDUSTRIAL SITUATION IMPROVES
TOLEDO, OHIO.—Employment figures from 21 Toledo industries employing 500 or more men, prepared for the government depart-

ment of labor, shows a gain of 1,241 workers in April over March.

The largest gain for the month was in the iron and steel industries which added 495 men. The vehicle industry showed a gain of 402 workers largely due to the betterment of conditions at the Willys Overland plant which added 336 men during the month.

The difficulty in obtaining raw materials, steel in particular, is holding back much additional employment planned by the Toledo industries, the report says.

Herman Shanken went to St. Louis yesterday on business.

Kellogg's SHREDDED KRUMBLES
deliciously flavored WHOLE-WHEAT

Health dividends!

Business demands healthy women and men—robust, red-blooded, courageous! And, mentally keen to meet tense situations. Physical fitness is a necessity!

Health begins with the eating of proper foods; health cannot be maintained nor brains fed with denatured, devitalized foodstuffs that are daily eaten. You must offset these foods robbed of life-sustaining qualities! You cannot survive upon them!

When you eat Kellogg's delicious whole-wheat KRUMBLES you fortify against illness; you build bone and tissue and make health and physical and mental vigor! Kellogg's Krumbles contain every food element the human body needs to thrive on!

Krumbles make children grow into robust, rugged health. Krumbles give men and women workers strength and they provide the aged with food that sustains them as nothing else can!

The only whole-wheat food with a delicious flavor!

When Hungry Little Muscles Say, "Please Help Me"

DID you ever stop to think who it really is that's talking, when childish voices raise a clamor, "Mother, I'm hungry?"

It's really muscles and bones and nerves and cells worn in the stress and strain of play—that are calling for rebuilding material.

What kind of an answer? The right thing, or just anything? It makes a big difference.

Grape-Nuts, so deliciously crisp and appetizing to taste, and so quick and convenient to serve, is a splendid food for rebuilding young bodies. All the wonderful nutriment put in wheat and barley by Nature, including the vital mineral elements, is there—and Grape-Nuts

digests easily, quickly and completely. Served with cream or milk, Grape-Nuts is exceptionally nourishing.

"That's splendid!" says appetite. "That's just the need!" say the hungry muscles, nerves and bones.

Ready to serve right from the package—always crisp and fresh. A favorite dish with all the family. Sold by grocers.

Life Insurance as Collateral

Suppose a man has a piece of real estate worth \$5,000 and he finds himself in urgent need of money. Ordinarily he can borrow 50%, or \$2,500 on it, unless it is already mortgaged as considerable real estate is.

Then, take the case of a man, age 40, who has a twenty payment life policy on which he has deposited \$5,000 (\$500 a year for ten years); upon this he can borrow 75%, or \$3,750, immediately from the company and without any expense except a normal rate of interest.

Ald line life insurance is a savings as well as protection. If you live you enjoy the benefits of your savings; if you die you have provided for others as you would have done had you lived.

Meanwhile, the properly insured man knows he has taken the wise and prudent course.

ST. LOUIS DEFEATED WASHINGTON 7 TO 5

WASHINGTON, May 9.—Extra base hits figured prominently in the 7 to 5 victory of St. Louis over Washington today. A drive over the wall by Judge with two on base in the third gave the Senators an early lead and a clout for the circuit by Tobin scoring Bayne ahead of him gave the Browns their winning margin in the seventh.

Score: St. Louis: 000 032 200—7 11 0

Washington: 004 100 000—5 10 2

Vangilder, Bayne and Severed; Francis, Gleason and Garrity.

DETROIT MADE IT TWO STRAIGHT GAMES

BOSTON, May 9.—Detroit made it two in a row from Boston today, Elmhake holding Boston to four hits and winning 6 to 2. Heilmann knocked one of the longest home runs seen here, the ball clearing the left field fence with plenty to spare.

Score: Detroit: 002 001 012—8 10 0

Boston: 000 000 020—2 4 2

Elmhake and Bassler; Ferguson, Russell and Ruel, Walters.

DUNCAN'S TRIPLE MAIN FACTOR IN REDS VICTORY

CINCINNATI, O., May 9.—Duncan's triple with the bases full in the sixth inning was the main factor in giving Cincinnati a 4 to 1 victory over Boston today.

Donohue pitched brilliantly, a wild throw by Bohne letting in Boston only run.

Score: Boston: 001 000 000—1 6 2

Cincinnati: 000 004 00x—4 10 2

Paul Bolman, S. Kiscusko St. Marquard, McQuillan and Gowdy; Donohue and Hargrave.

NEW YORK SHUTOUT CARDINALS 6 TO 0

ST. LOUIS, Mo., May 9.—Ryan turned back the Cardinals today, New York winning 6 to 0 due to the slugging of his mates and his masterful hurling. Pertica was wild and Sherdel was sent into the fray after the game was apparently lost. The seventh inning was the only frame in which the Giants failed to get a man on base, Sherdel proving effective then.

FAMOUS ALASKAN RACING DOG DEAD

Baldy of Nome passed away at Berkeley California. Life story is put in verse.

Berkeley, Cal.—Baldy of Nome, once the "toughest dog in all the northland," died recently in an animal hospital in Berkeley, far from the long Alaska snow trails over which he "mushed" his way to world fame several years ago.

Driven by A. A. (Cooty) Allen, Baldy was the lead dog in the noted racing team owned by Mrs. C. E. Darling which won six of the All-Alaska Sweepstakes races across the Seward Peninsula from Nome to Candle and back, 418 miles in all.

During the war, a number of Alaska dogs, sired by Baldy, were shipped to Europe by the French government for service in the snow-clad Alps, and today many are still overseas where their "grey wolf's blood" won for several of them the Croix de Guerre.

Baldy's last sweepstakes was run in 1917 and after the race Allen brought the dog to Berkeley where he and Mr. and Mrs. Darling had settled. Two years ago Mrs. Darling put Baldy's life story into a book and also wrote some verses for the dogthings he would have said if he could.

In the verse, Baldy, spending his last days here, was pictured as saying, in part:

"I roze in the peace of a golden day,
To dream of a white land far away.

And sometimes I staza when I think I hear,
The peal of bells and a mighty cheer

That marked the end of the killing pace
As we crossed the line in the sweepstakes race."

Baldy was fifteen years old and died of old age. He was born in 1907 and spent most of his life in harness for he was only two years old when he was made the leader of the Allan-Darling team. He was buried beneath the rose bushes in the Allen yard here.

"He was a cross-bred dog," Allen said after his death. His mother was a malamute and the rest of him was "outside dog" shepherd and hound. He won the first three Alaska sweepstakes and later three others. In all he ran in hundreds of races.

C. N. Priest went to St. Louis yesterday on business.

ROPER-FULTON FIGHT POSTPONED TO MAY 16

DENVER, Colo., May 9.—Failure of Captain Roper to receive railroad transportation in time to be here in advance of his bout with Fred Fulton, scheduled for next Friday night, has resulted in the postponement of the fight until Tuesday, May 16, it was announced by the promoters today.

LAYMEN'S CONFERENCE TO BE HELD MAY 3-4

CHICAGO.—With Dr. William S. Abernathy, of Washington D. C. pastor of the church President Harding attends, as the principal speaker, the Laymen's Mission-meet here May 3rd and 4th to consider means to rejuvenate the organizations activities.

Movement is an asset that the Christian forces of America cannot do without," Dr. Abernathy out by the committee arranging the gathering. "I know of no agency which has fulfilled its mission more effectively within the last two decades."

Dr. James L. Barton of Boston general secretary of the American foreign missions will be the speaker on the second day. Other leaders who will be present are J. C. Acheson, Pittsburg; Dr. Herbert S. Johnson, Boston, member of the Baptist board of foreign missions; Dr. William E. Spellman, Detroit and W. C. Coleman, Wichita, Kansas.

HI Y CLUB HELD MEETING LAST NIGHT

The Hi Club held a regular meeting Friday night with about forty members present. Supper was served by the ladies of Christian church in the basement there of.

The club voted at this time to hold a Band concert at the High school auditorium on May 19th. The Merritt band, one of the best in this part of the state will be secured. Tickets will be sold for 25 cents each.

Thruout the year the businessmen of the city have been enthusiastic in backing this club of high school boys and when the business districts is solicited, a week from Tuesday they no doubt will respond in a more substantial way than merely speeches and expressions of good will.

Next Thursday evening a banquet will be served at the Christian church for the boys who had signed "Self Analysis Blanks." Specialists in different vocational lines will be present and will meet with the club in an effort to help the boys find their life work.

Mr. Findley talked at some length upon the value of having a purpose in life, after which the club adjourned.

Wilson Smith, publisher of the Waverly Journal, was in the city Tuesday.

Following the Floods

THE excessive rains of the past month have seriously retarded farming operations. As soon as field work is possible farmers will be busy night and day preparing the ground and seeding the land that they may maintain an adequate food supply for the nation. This year, for the farmer, time is an imperative factor.

More than 140,000 tractors are owned in the 11 Middle Western States served by the Standard Oil Company (Indiana). These tractors are being overhauled, lubricated, and put in condition to perform essential labor, for which horse power would be totally inadequate.

The number of horse hours per day is limited by the strength of the horse, while the number of motor hours per day is limited only by the number of hours.

During this rush the demand for gasoline will be heavy. The Standard Oil Company (Indiana) is prepared to supply this demand. Its storage tanks and bulk stations located at strategic points throughout the territory are full. Its supply depots, service stations, and tank wagons are prepared to make Red Crown gasoline instantly accessible to the farmer when his need arises.

The Standard Oil Company (Indiana) may be depended upon to perform this service adequately — first, because it has provided sufficient field storage to take care of even an abnormal demand. Second, because it maintains distributing facilities which form the most perfect system of its kind.

Only a big organization, big in spirit of enterprise and social service and big in resources, can cope adequately with the growing motor needs of the Middle West. In carrying on its business the Standard Oil Company (Indiana) operates 6 large refineries, 3821 bulk stations, 1521 filling stations, and a fleet of 6600 tank delivery trucks.

It is due to the efficiency of this vast organization that the Standard Oil Company (Indiana) is able to guarantee that the needs of the farmer for petroleum products will be supplied.

RAILS WERE ONLY

SUBSTANTIAL FEATURE
By Associated Press.
NEW YORK, May 9.—(U. S. Associated Press.)—The stock market today was a day of the stock exchange and regular to heavy volume prevailing at the close. The market's scope contracted visibly and total sales again fell slightly under the familiar million share line. There was less selling pressure among leaders the occasional reversals apparently resulting more from an absence of buying power than from any concerted efforts of the short interest. Inactive miscellaneous shares which followed in the wake of the March-April rise sustained extreme losses of one to three points.

Rails were the day's only substantial features their rebound in the final hour going to reduce the average of declines. Sales amounted to \$85,000 shares.

On the lighter inquiry money rates eased all call loans being made at four per cent. All private loans for 30 to 90 days were made at slight concessions from the open rate but long time accommodations remained unaltered.

Advices received by banking interests respecting developments at Genoa indicated less tension in that quarter. All foreign exchanges were substantially above yesterday's minimum quotations excepting remittances to central Europe.

MRS. BARR BROWN
REGENT OF D. A. R.

Is Chosen at Meeting Held Tuesday—Other Officers Elected—Miss Fairbank Makes Report.

The annual business meeting of the Reverend James Caldwell Chapter, D. A. R., was held yesterday afternoon at the Duncan Memorial Home. At this time the annual election of officers was held and Mrs. William Barr Brown, Jr., was named as regent of the chapter for the coming year. The reports of the year's work were given and the chairman of the different committees made written reports of activities during the year.

Miss S. M. Fairbank, the retiring regent of the chapter was the hostess for the day and after the business meeting a delightful social hour was enjoyed. The Duncan Home was most attractively decorated with flowers and blossoms and the meeting was a pleasant one and a successful one as the reports of the officers showed that a very satisfactory and successful year has just closed for the local chapter. Mrs. Brown and Miss Effie Epler gave reports of the Continental Congress National Society of the D. A. R., which they recently attended in Washington.

The other officers for the coming year were named as follows: Vice Regent—Mrs. Herbert Capps.
Recording Secretary—Mrs. Lillian I. Danskin.
Corresponding Secretary—Mrs. A. B. Applebee.
Historian—Mrs. Thomas Harber.
Treasurer—Miss Catherine Barr.
Chaplain—Mrs. Enslow Moore.
Registrar—Mrs. E. P. Brockhouse.

At a meeting of the new board held yesterday afternoon Miss Eiler Trabue and Mrs. Herbert Capps were re-elected as directors. Mrs. A. L. Adams was re-elected as director of the Children of the American Revolution.

The Regent's report made by Miss S. M. Fairbank, regent of the Chapter during the past year was made yesterday as follows:

Regent's Report, 1921-1922.
The Reverend James Caldwell Chapter is closing its third Red Letter Year.

May 1st, 1920 they came into ownership of the Judge Kirby Homestead naming it The Governor Joseph Duncan Memorial in honor of the 5th. governor of Illinois, the original owner and father of our Organizing Regent Mrs. Julia Duncan Kirby.

March 22nd., 23rd, and 24th., the chapter had the honor of being hostess chapter to the Illinois State Conference. Numbered among the distinguished guests were Mrs. George Maynard Minor, president general, National Society Daughters of the American Revolution and Mrs. George Thacker Guernsey, honorary president general of the National society.

January 21st., 1922, the Directors signed the contract with the Vermont Marble Company for the installing of the Memorial tablets. The work is now in progress.

Flag Day, 1921, for the first time, we held on our own beautiful grounds the usual lawn fete.

As is our custom the graves of deceased Daughters of the Chapter were decorated on Memorial Day, 1921.

Poppies to be used Memorial Day were sold by Daughters and children of the American Revolution to the amount of \$102.55 for the benefit of the American-Franco Children's League.

We regretted the change from the delightful hospitality that has so often been ours, at the suburban home of our friend, Mr. Gates Strawn and his sister, our former regent, Miss Trabue, but we felt that all of our activities should be centered in and around our Chapter House.

We hereby thank Mr. Strawn, Miss Trabue and all Daughters and friends who have entertained us in our homeless years.

We were exceedingly fortunate to have as one guest and speaker for our opening meeting and luncheon in September, Mrs. Jessie Palmer Weber, secretary Illinois State Historical Society. On invitation of the Springfield

A UNION OF INTEREST TO WOMEN
Healthy Housewife---Happy Home
Lydia E. Pinkham's Vegetable Compound Has Helped Form Many

For the ailing, half-sick housewife such a union is impossible. Often times even the slightest form of housework cannot be accomplished. Yet the work must be done.

Many women struggle along for years suffering from some form of female trouble that makes their lives miserable and their homes far from happy.

Lydia E. Pinkham's Vegetable Compound has helped thousands of just such women regain their health and strength. Just give your thought to the following letters and remember that the women who wrote these letters knew how they felt before taking the Vegetable Compound and again afterwards. It helped them—let it help you.

Had Nervous Spells
Horatio, Ark.—"I had nervous spells and awful bad feelings. My right side and my back hurt me all the time and I had been going down in health for six or seven years. For three years I had not been able to do my work without help. I weighed only 95 pounds when my husband's mother persuaded me to take Lydia E. Pinkham's Vegetable Compound. Now I heartily recommend it to all suffering women, as I have gained weight and health. I can do all my work, anything I want to do."—Mrs. JIM KEARICK, Horatio, Arkansas.

Reading, Pa.—"I was a nervous wreck and could hardly do my housework. I always had to have help or I would never have got it done. Through the advice of friends I have been taking Lydia E. Pinkham's Vegetable Compound for my nerves and Lydia E. Pinkham's Blood Medicine for my blood and I am feeling fine and doing my work all alone. I can recommend these medicines to any one, for they certainly helped me. I suffered for five years and Lydia E. Pinkham's medicines pulled me through."—Mrs. WALTER U. STOVER, 1213 Mulberry St., Reading, Pa.

Recommend the Vegetable Compound
New Orleans, La.—"I have found relief from my troubles by taking Lydia E. Pinkham's Vegetable Compound and I praise it wherever I go. I could not do my work as it should be done for I would sometimes have to lie down because of the pains I had. A friend induced me to take your Vegetable Compound and I have got great results from it. I keep house and am able to do all my own work. I recommend your Vegetable Compound to my friends who have troubles similar to mine."—Mrs. T. FOCKLER, 1315 N. Derbigny St., New Orleans, La.

H. R. HART
East Room, 316 East State Street (The Arcade)

Chapter your regent and state librarian attended the regional meeting, Oct. 13th. After a reception and luncheon, the program for the day was furnished by the visiting chapter regents and state officers.

Armistice Day was very wet, yet two autos in the parade were filled by our Daughters. The 125 flags presented the Jefferson school that were to have been carried by school children in the parade, were used in the indoor celebration that the rain made necessary. A most enthusiastic letter of thanks to the chapter for the gift of the flags was sent by the children and read at the November meeting.

October 27th., there came to the chapter house our present efficient custodian, I feel sure that the Daughters all join me in this open recognition of her pleasant and enthusiastic service.

November 29th., the Chapter dues were raised from \$2 to \$4 per annum, for the same financial reason that all incomes had to be increased.

Past Regents were hostesses on Washington's Birthday.

After the usual opening exercises the Regent gave the chair to the dean of past regents, Mrs. Weir.

A group of three songs were given by Mrs. A. R. Gregory followed by an interesting travelogue on Japan by Mrs. Bryon Gailley.

Our current expenses, state and national dues and assessments are paid to date, so our financial record is gilt edged.

\$11,000 cash was paid for our Chapter House. We have \$5,000 at interest and \$1,600 to our credit in the bank. Enough to pay for the marble memorial tablets, new being set in place and all other charges and decorating made necessary by the placing of the tablets.

Our Children of the American Revolution after many vicissitudes have selected the name of Ellen Hardin Walworth Chapter, and are busily organizing.

State Librarian, Miss Epler; Chairman of the Home Committee, Mrs. Barr Brown, Jr., and your Regent attended the 26th., State Conference at Hotel LaSalle, Chicago, March 23rd-24th., and the 31st Continental Congress National Society Daughters of the American Revolution Memorial Continental Hall, Washington, D. C., April 15.

At the State Conference Miss Epler was re-elected State Librarian and thereby becomes a member of the National Committee.

There have been 13 transfers of Daughters, to other chapters and to "membership at large"; three deaths; two resignations; 30 new members. Total membership 226. The chapter has more than doubled membership since 1919.

Respectfully submitted,
SARAH MARIA FAIRBANK, Regent.

STONE AGE LASTED UNTIL CENTURY AGO
Scientists Claim It Was Carried on in British Columbia for Many Years—Explorers Find Many Relics.

VICTORIA, B. C.—The stone age which, scientists say, came to an end in Western Europe about 1700 B. C., was carried on for more than three thousand years later and in its most characteristic form existed in British Columbia up until as late as a century ago in some districts, according to findings of archaeologists who have been exploring some of the old community sites, mounds and aboriginal graves along the coast and the interior of the province.

The stone age in British Columbia has for many years been the study of scientists of note who have been working the field in an effort to build up the story of the evolution of the prehistoric civilization as exemplified in the tribes who worked out their existence between the Rocky Mountains and the Pacific. Valuable collections have been obtained.

It was only recently, however, that British Columbia, in an effective way, turned its attention to the past. Under the direction of Premier John Oliver, the Provincial Museum has been partially rebuilt and the collections put on exhibition.

The aboriginal occupants of the country belonged to the neolithic, or new stone age, scientists determined from the specimens obtained from old villages and burying places. Stone and bone tools were in common use when the first white explorers visited the North Pacific, although iron and copper in small quantities were found almost everywhere.

In some instances the native races had developed a degree of art. One of the feature exhibits in the museum is a copy of a seated human figure holding a bowl. It was chipped from a solid block of stone and then polished. There are two of these specimens very much alike. One was discovered near Departure Bay, Nanaimo, and the other in North Saanich, on Vancouver Island.

Perhaps the most characteristic of the stone age are the stone axes and hammers discovered in many places. They are almost identical with the tools of the neolithic man found in Europe.

The stone weapons include daggers and war clubs. There are many examples of stone dishes, hewn from small boulders. With what appear to have been rolling pins of a somewhat angular degree the prehistoric woman of this coast seems to have been well supplied.

Primitive man in British Columbia apparently did a little
